# Low-cost corrugated semi-active & perma

**FIDELITY PULL DRAWERS**  
**SAVE YOU TIME, SPACE**  
**AND MONEY**

If your record storage system involves the least bit of in-and-out activity, you'll like the Fidelity Pull Drawer. As a matter of fact, we don't think you'll find an easier to use system, anywhere. Pull Drawers stack ceiling high to save valuable floor space. And no matter how high you stack them . . . or how you stack them, all file drawers pull open for easy filling and finding.

For safe, systematic, dust-free semi-active records storage, order Fidelity Pull Drawers. The cost? As little as \$2.20 each in quantity. Which means you save plenty over transfer file systems bought elsewhere.

# Fiberboard drawer-files for rent record storage

## PULL DRAWERS GIVE YOU ALL THIS, FOR LESS

**Heavy-test Corrugated Fiberboard Throughout** Not ordinary corrugated. Rough, tough, extra-strong corrugated fiberboard made to our specifications to withstand impact and crushing. Sturdy liner doubles shell strength on top, bottom and sides.

**Stack To Any Ceiling Height** Built-in steel frame holds up to 1100 pounds without crushing. Drawer pulls freely at any level of stack.

**Dustproof Design** Recessed drawer forms a dust-tite seal. Prevents dust and dirt from seeping into records.

**You Save These Two Ways** Pull Drawers ship flat and store flat to save you freight and valuable storage space.

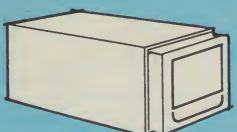

**Front Office Good Looks** Attractive white marble finish with distinctive black graphics. A handsome file by any standard.

**Fast, Simple Set-up** Set-up in seconds without tape, staples or tools.

- 1 This rigid steel frame is built into the shell of every Pull Drawer we make. 2 Laboratory-tested to support up to 1100 lbs. 3 Four thicknesses of fiberboard on end panels—front and back. 4 Two thicknesses of fiberboard on top and sides. 5 Drawers are recessed when closed to seal out dust and dirt. 6 Hand hole in rear of drawer for easy carrying. 7 Metal pulls.

## FIDELITY SNAP-A-MATIC LETTER-LEGAL FILE

10-SECOND  
LETTER-LEGAL FILE

*the world's easiest-to-assemble file box*

So easy to set up even the smallest girl in your office can do it in 10 SECONDS OR LESS. That's because of the unique one-piece body construction. No flaps or tabs to secure, no tools, tape or glue needed, no hard-to-follow instructions. Just square up the box, give a little push and start filing. Saves lots of time . . . and that means money.

Snap-A-Matic Letter-Legal File costs less, too, than any other file we make. Stores both letter and legal size forms for even greater economy.

Made of heavy-test corrugated fiberboard with extra-strong double-walled, interlocking body construction. Can't warp, sag or split. Separate cover overlaps 2" to insure dust-tite protection for contents. Attractive white marble finish. Use with or without steel shelving (see below for shelving). F.O.B. Minneapolis factory.

## FIDELITY CLUTTER CHEST

As pretty an office or home accessory you've ever seen. A six-drawer chest splashed with sprightly colors—red, blue, green, yellow, orange and brown drawer fronts—colors to highlight every room in your office or home. Six roomy drawers in which to store stuff. To preserve and protect your records from dust and discoloration. A handy stow-away place for the myriad of things you want in a safe place, yet easily accessible.

Six push-pull drawers function as a unit . . . or can be used as individual storage boxes around your office, warehouse, or factory—or in the bottom of your closets, under beds, in your garage, basement, or attic of your home.

### It's a rugged chest of drawers

Drawers are reinforced with built-in steel frame. Top, bottom and side panels are double thick, extra-heavy duty Fidelity fiberboard. Metal pulls. Wood base. Bright white marble finish wipes clean with just the swipe of a damp cloth.

## BRUTE STRENGTH

Hoist a 300 pound motor with a roll of tape? Nothin' to it with Fidelity Super-Strength Strapping Tape.

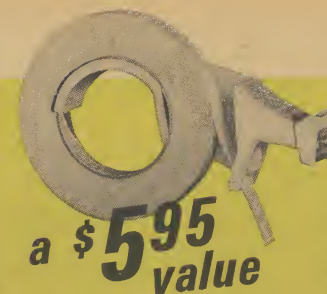

*Amazing, super-strength, filament-reinforced bi-directional strapping tape sticks like glue*

■ 360 LB. TENSILE STRENGTH ■ 50 OZ. ADHESION PER 1" WIDTH OF TAPE ■ BI-DIRECTIONAL GLASS WEB REINFORCING ■ MIRROR FINISH FILM BACKING ■ MEETS GOVERNMENT SPECIFICATIONS PPP-T-97C, TYPE II, CLASS B ■ 180 FEET PER ROLL

An extraordinary new tape for sealing, unitizing, bundling, palletizing, securing, and 1000 other uses. Features fantastic strength and instant gripping power—which means you don't have to strap a carton all the way around for a perfect seal (saves tape too). And unlike conventional tapes with glass strand reinforcing that strips lengthwise, bi-directional tape has a glass web reinforcing for super strength both lengthwise AND crosswise. It either comes off your package in one piece or not at all.

TRY IT TO SEE HOW YOU LIKE IT, FREE! Order Fidelity Bi-Directional Strapping Tape today and put it to work. If it doesn't measure up, return the unused portion and owe us nothing. The dispenser is yours FREE TO KEEP even if you return the tape.

## FREE OFFER

This lifetime dispenser FREE with every dozen rolls ordered PPP-T-97C, Type II, Class B.

## FIDELITY PLASTIC PARTS BINS

come in 5 sizes with or without clear plastic covers

Super-impact Styrene Plastic Bins are shock resistant, won't rust or warp, are impervious to oil, grease and most other chemicals. Offer years of trouble-free service.

Bins can be stacked on steel shelving (see below), or their special "stack 'n lock" design allows independent stacking. Either way gives you easy access to stored parts. Handle doubles as oversized contents label. Pressure sensitive labels are supplied FREE. Tabs on rear of bins allow hanging on most straight rails. Clear, dust-tight plastic covers are available for all sizes. Choice of four colors for practical color coded storage.

WON'T RUST  
EVER!

Stack up and lock to save space (A slight downward pressure locks bins into modular storage units)

## FIDELITY SMALL PARTS STORAGE CABINETS

*welded steel frame modular cabinets with  
molded "see thru" or non-transparent drawers*

Modular cabinets are welded into one strong, rigid unit. Stack accurately, securely, regardless of height. No bolting or assembling. Stand, stack, hang on wall or fit into existing shelving. Baked-on enamel finish won't chip, peel or rub off.

**SEE-THRU DRAWERS.** Super-strength, clear styrene plastic for fast visual identification.

**EXTRA HEAVY-DUTY DRAWERS.** Steel-strong polystyrene plastic in permanent granite-gray color. Hi-impact, non-transparent.

**3 DRAWER DIVIDERS.** Three kinds for each drawer size—slotted for lengthwise, crosswise, or crisscross arrangement. Dovetailed divider edges and drawer grooves lock tight—prevent bulging and spreading. Parts can't creep under dividers.

## FIDELITY POLY STOCK BAGS

Hundreds of uses in factories, warehouses, stock rooms and shipping departments. Make excellent bags for packaging assembly parts for KD shipments. Keep assembly parts separated, visible, easily identifiable and dust-free while stored. Work well as display bags, too. And, in addition, make perfect protective envelopes for catalog sheets, price lists, operation and instruction manuals and guarantees.

Bags are made of heavy-duty industrial weight polyethylene. Sleeve-type construction and heat-sealed bottom seam insure strength and durability. Seal easily—can be tied, stapled or heat-sealed. Can be written on with industrial felt-nibbed markers. F.O.B. Minneapolis factory.

## FIDELITY FILL N' FILE

### SMALL PARTS FILE SYSTEM *the most revolutionary miniature parts storage system yet devised*

Here is the most perfectly designed system we have seen for the safe, orderly storage of miniature parts. Put to work for you it will completely eliminate the countless "hunt and search" hours formerly lost through old-fashion, haphazard methods of storing tiny nuts, screws, fittings, resistors and 1001 other heretofore difficult to file and find items.

#### HERE'S HOW FILL N' FILE WORKS

The system is similar in principle to the blister-packed razor blades you buy at the drugstore. Simply a durable, rectangular-shaped, clear plastic blister backed with a sturdy index card with sliding door access. To fill, merely slide open the door in the back of the blister, then slide to seal for perfect, dust-tite protection of contents.

Asked About Earth From Outer Space, Astronaut Jim Lovell Said:

"It was just another body, really, about four times bigger than the moon. But it held all that the crew of Apollo 8 knew and loved. It was the most beautiful thing there was to see in all the heavens."

It Might Sound Corny . . .

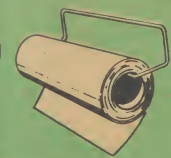

. . . but doesn't earth hold all that you and I know and love, too? Isn't it important, then, each of us do our part—everything we can—to preserve it for all mankind. Please do your share.

**Bag Your Refuse In Fidelity Industrial Poly Bags**

# Modern Office Methods for

## FIDELITY 3-PART LETTERS

BOOSTS CORRESPONDENCE OUTPUT 50%

1 Write or type message on first page. You automatically get two additional copies. No messy carbons or second sheets to handle.

2 Snap out the middle copy for your follow-up file. Mail the white and pink copies intact.

3 Addressee fills out reply side of message and mails white copy to you, keeping pink copy for his files. Takes only minutes so you get fast action.

4 You receive completed white copy with both message and reply. A complete "round trip" from just one inexpensive form with file copies for all concerned.

Get out twice as much correspondence with this modern, efficient 3-part letter form. Simple "crash-action" form eliminates addressing envelopes and gives both the sender and recipient copies of every message and reply. A boon to modern office efficiency. Two-line imprint. F.O.B. Minneapolis.

## FIDELITY DIPLO-MAT NYLON MATTING

CAPTURES A GALLON OF  
WATER PER SQUARE YARD

- ★ Wipes Shoes, Boots Clean
- ★ Eliminates Uneven Floor Wear
- ★ Reduces Cleaning Costs
- ★ Prevents Slips and Falls

Five fashionable, decorator approved colors:

No. 136 Gold-Brown, No. 116 Blue-Green, No. 153 Green-Black, No. 181 Red-Black, No. 146 Gray-Black.

A new luxurious matting, made of the finest cut-pile virgin nylon carpeting, permanently micro-bonded to first quality virgin rubber. Designed specifically to resist the hard wear of commercial use.

"Diplo-Mat" is made of 100% virgin nylon carpeting, 26 oz. weight per square yard, permanently bonded to finest quality 1/8" rubber. Provides maximum protection for interior floors and carpets in heavy traffic areas.

The density of "Diplo-Mat's" commercial type pile is deep enough to give the "feel" of luxury, yet resists the "crushing" found in the "fluffier" piles. Cleans and holds dirt from passing feet, yet resists the embedded dirt which is the main cause of carpet wear. "Diplo-Mat" removes moisture from shoes, yet dries quickly, preventing rot or mildew.

The embossed underside of "Diplo-Mat" hugs the floor. Won't creep or slip out of place. "Non-marking" high quality rubber does not stain—will not stretch, ripple or leech as do thermal plastic materials. "Diplo-Mat" retains its original beauty regardless of temperature changes.

## FIDELITY TRANSPARENT OFFICE CHAIR MAT

Here's crystal clear protection for your expensive office carpeting... plus a smooth, frictionless ride every time you push away from your desk. Chair Mat actually magnifies the rich color and weave of your carpet while blocking ugly stains and burns, and stopping the destructive grinding of your chair's casters. And all at far less cost than that of repairing or replacing your carpet. Handsome. Durable. Break-resistant. Outwears the carpet under it. Easy to keep clean, too. Polishes to a high gloss with ordinary floor wax. 1/4" thick. F.O.B. Pennsylvania.

## FIDELITY ROLL-OUT SHELF CONSERV-A-FILE

Combines all the advantages of drawer files with the space-saving features of open files. With this roll out model, no new folders are required! Just transfer your old ones right into place. Retractable doors expose sides of file folders as well as tops. Enables your aide to "spot the area" she seeks as she approaches the file, with resultant time saving of 20% to 35%. She can also insert or extract material without "pulling" the file. Further time is saved because folders may be returned without pulling out the drawer through the use of "out cards."

## FIDELITY LATERAL FILE

*fits most anywhere...  
saves filing time  
and space*

A modern file with the space-age look of the seventies... for the ultimate in filing speed and efficiency. Saves up to 50% in office work and aisle space. Strong, sturdy, long-lasting construction. Pull-out handle and label holder on each drawer front—full-suspension cradles. All models equipped with interlocking safety cable to prevent more than one drawer being opened at a time. Locks, free. Handsome walnut woodgrained top. Shipped set-up, F.O.B. New York.

■ Saves up to 50% in aisle space ■ Fits where standard files won't ■ Turns narrow corridors into useful filing areas ■ Cramped, crowded offices become roomy, wide-open spaces ■ Extends only 32" from wall instead of usual 56".

### **Messy Desks Cost Money**

Time and motion studies on how to keep from bogging down in office paper routine prove beyond a doubt cluttered desks breed waste. That shuffling through mounds of paper . . . walking to and from reference cabinets . . . bending and stooping—even opening and closing desk drawers, wastes time. And time wasted is money wasted. That's why we designed the Fidelity line of desk organizers. To ease your work load by putting all your reference tools at your fingertips. To eliminate hunting and fumbling. To reduce time wasted. To increase your organization and efficiency. And they do it. Actually pay for themselves in increased output. Try one on your desk and see— **FREE!**
